The BIP team provides a catering service to the hirer. The client must confirm the number of people for the catering order at the latest 3 working days before the event. After this deadline, it is no longer possible to change the number of people communicated. Our prices are per person and include VAT, the necessary equipment for the chosen formula, the provision of services, the installation and cleaning.

However, the hirer is free to use the caterer of their choice, without additional charge. External caterers are obliged to bring all the equipment necessary for the smooth running of their assignment, including heating equipment. bip.brussels does not provide any equipment to external caterers aside from the kitchen which is made available to them.

EXTRAS
